

## ZUKA Savings and Investment

### Introduction

ZUKA Savings and Investment is an innovative approach designed to remove social and economic barriers so AMA2K can access financial instruments to create and realise a brighter future.

### Problem Statement

Historical student debt, skills gap, and lack of financial literacy continue to undermine progress and growth of young people to become positive contributors in their own and the countries socio – economic development.

### SOLUTION

ZUKA Savings and Investment is a mutual savings and investment vehicle that gives leverage to youth and unemployed graduates to access progressive financial to create wealth.

Let us engage and explore potential collaborations for mutual success. Thank you for taking the time to consider our proposal.
